

Gdańsk, 18.10.2022

Dear Sir or Madam,

We are pleased to invite you to a conference organized by the Department of Immunobiology and Environmental Microbiology of the Faculty of Health Sciences of the Medical University of Gdańsk:

"Interdisciplinary View on Health Sciences" in memory of professor Piotr Lass "

The main slogan of the conference is: "Interdisciplinary view on health sciences", and its main goal is the exchange of views and experiences between scientists from various fields at different stages of their career development. In addition, the aim of the meeting will be to integrate the scientific community of the Health Sciences and create new opportunities in building interdisciplinary and inter-university research teams.

In 2022, participation in the conference is free, and the registration and abstract submission deadline is November 10, 2022.

Conference venue:

Atheneum Gedanense Novum (AGN)
Al. Victories 41/42
80-210 Gdańsk, Poland
+ **ONLINE** (using the ZOOM platform).

More information can be found on the **conference website**:

<https://conference-ivhs.mug.edu.pl/>

Registration form: <https://forms.gle/4Z94MqRnyh7HP5uX7>

Abstracts of lectures, oral presentations and posters will be published in the journal supplement: **European Journal of Translational and Clinical Medicine**. Moreover, the three best works can be published in full text.

The Scientific Committee of the conference has prepared a competition with prizes for the best works prepared by students and young scientists.

You're welcome!
